Internships

Aug 2025

- HAB's Tersane Istanbul Project** (Istanbul/ Türkiye)

Initially worked in the technical office on progress payment preparation, quantity take-offs, budget and cost calculations, and contract documentation. Later, gained on-site experience by observing excavation support and ground improvement works, including DSM and Jet Grouting, as well as diaphragm walls, bored piles, and ground anchors. Participated in on-site quality control testing.

Sept 2024

- Gulermak-Nurol-Makyol (GNM) Joint Venture's Umraniye-Atasehir-Goztepe Metro Project** (Istanbul/ Türkiye)

During my internship, I gained comprehensive experience in NATM and TBM tunneling methods and station structural works. I observed the implementation of underground excavation support systems alongside architectural finishing works. Additionally, I actively participated in on-site quality control procedures, including water-tightness testing and anchor bolt tension testing.

Communities & Experiences

2023 - 2024

- Member of Marketing Team at Company Musicals**

Company Musicals is a student society that has been adapting and presenting the highest quality Broadway musicals in METU for more than 25 years. I developed new social media strategies for the marketing team.

2022 - 2023

- Member of Board at R&D Society & General Coordinator of METU Interview Days 2023 (OMG'23)**

Managed various departments for one of Türkiye's premier career events during a one-year preparation period. I managed various departments that undertake responsibilities such as corporate outreach to national and global firms, sponsorship and budget management, and event-day logistics.

Under my leadership,

- We secured the participation of 70 companies.
- Developed marketing strategies reaching more than 30,000 people.
- Optimized operational processes by developing an autonomous application system.

2021 - 2022

- Organizer at TEDxMETUAnkara**

TEDx is a program of locally organized events that bring people together to share "ideas worth spreading" in the signature short-talk format of the global TED conference.

- Organizer at Futurena METU**

Futuristic Entrepreneurship Activity is a comprehensive festival consisting of sessions and events that bring entrepreneurs together.

- Organizer at Health and Aesthetic Summit (SEZ 23')**

Education

2021-2026 Dec

Middle East Technical University Bachelor of Civil Engineering

2017-2021 June

Bilfen Science High School

Languages

English Advanced

Chinese HSK 2 (A2)

Skills

AutoCAD, Python, SAP2000
